“Celebrate Rotary”

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian’s occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian’s personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

OUR OPENING SONG

*I want to wake up in the morning
Where the orange
blossoms grow,
And the sun comes peeping
Into where I’m sleeping
And the song birds say hello.
I want to wander in the
orange grove
As I used to long ago,
And go drifting back to Florida
Where the orange
blossoms grow...*

Major John Blackledge with the Palm Bay Police Department, was the guest speaker for the Rotary Club of Cocoa on Nov. 24, 2009. LODIS -- A simple investigative tool to generate DNA leads for locally important offenses and offenders.

Cocoa Rotary President Pat Hare and Major John Blackledge with the Palm Bay Police Department.

Imagine taking serial offenders committing the most common crimes off the streets by tying them to DNA evidence collected from property crimes. Imagine doing this in days, rather than months or years. It's what the Palm Bay Florida Police Department and others are doing now.

Law enforcement has an edge with LODIS, which accepts any legally obtained evidence law enforcement agencies choose to submit for entry into their own local agency DNA Identification Repository. Departments simply submit items from locally important crimes, suspects and offenders, and then they are automatically notified within days when the agency's LODIS system has identified new DNA Hits and leads.

Rapid DNA lead generation – twice as many suspects identified, twice as many arrest, twice the prosecution rate leading to greatly reduced property crime rates.
